Company Profile

As a mechanical contracting company in Calgary, Great Northern Plumbing has remained family- owned and operated since 1978. During this time, we have worked hard to build a reputation as a well-respected, dependable and capable partner in the construction industry.

Our experience is diverse and extensive; with projects ranging from new innovative building construction to historical renovations.

Detail- oriented approach, qualifications and commitment to safety, set us apart. We are confident that we can be your ideal partner for your next construction project.
